

Comprehension - Biodiversity in our Seas

During watching activity

Give each student the task of noting down the following from the film (the teacher can use all or pick a selection as appropriate for the class).

1. Marine mammals mentioned
2. Problems for marine wildlife
3. Facts about Lough Hyne
4. Facts about the Bottle-nosed dolphin
5. The different ways people in the clip explore the sea/marine environment

Further activities

Ireland is the first whale and dolphin sanctuary in Europe. Students can research the species of whale and dolphin mentioned in the clip and sightings in their nearest coastal area.
