

## Annual Report for the contained use of Genetically Modified Micro-organisms (GMMs) for 2024

A completed Annual Report for the year **2024** must be submitted to the EPA before **31<sup>st</sup> March 2025**.

Complete the form in accordance with notes 1-10 provided.

Annual reporting requirements	Annual reporting information
<b>1. Name of user</b>	
<b>2. Contact e-mail address</b>	
<b>3. Address of premises</b>	
<b>4. GMO Register No.</b>	
<b>5. Project number (if applicable)</b>	
<b>6. Class of GMM activity</b>	
<b>7. Has there been any change to?</b> <ul style="list-style-type: none"> <li>➤ <b>GMO Register Entry</b></li> <li>➤ <b>Risk Assessment</b></li> <li>➤ <b>Classification</b></li> <li>➤ <b>Containment measures applied</b></li> </ul>	Yes/No Yes/No Yes/No Yes/No
<b>8. If you have answered Yes to any of the points under Item 7, please provide details.</b>	
<b>9. Are these GMMs being inoculated into?</b> <ul style="list-style-type: none"> <li>➤ <b>GM animals</b></li> <li>➤ <b>Non-GM animals</b></li> </ul>	Yes/No Yes/No
<b>10. If you have answered Yes to any of the points under Item 9, please provide details.</b>	

**Notes:**

1. Provide the name of the Principal Investigator under whose name the GMM contained use facility/activity is registered.
2. Contact e-mail address such that the Environmental Protection Agency may revert should further clarification be required.
3. Address of premises where GMM activity is carried out.
4. GMO Register No - This number may be referenced on the GMM consent issued by the Environmental Protection Agency in respect of the GMM contained use activity.
5. Where a number of different projects exist on the GMO Register Entry, please reference the project number to which you are referring. If necessary, use a different form for each project number.
6. Indicate whether your current GMM activity is classified as a Class 1, Class 2, Class 3 or Class 4 GMM activity.
7. Respond 'Yes' or 'No' to each of the four bullet points.
8. Where new Class 1 GMM project work is being/has been undertaken, a Risk Assessment completed in respect of the new Class 1 GMM must accompany this form.

Where new Class 2, 3 or 4 project work is being planned, a new notification must be submitted to the Agency **in advance** of starting any new Class 2, 3 or 4 GMM work. Please refer to the guidance note entitled '**How to apply for a consent for the contained use of a GMM**' on our webpage: [Licensing & Permitting: Genetically Modified Organisms \(GMO's\) | Environmental Protection Agency \(epa.ie\)](#)

9. Respond 'Yes' or 'No' to each of the two bullet points.

Where GMMs are being administered to animals (GM or non-GM) and where the GMO register lists several GMMs, be specific about the GMM(s) that is being administered to the animal.

10. Where the
  - GMMs are being inoculated into a GM animal, simultaneously submit an Annual Report in respect of that GMO (Refer to 'Annual Reporting Form GMOs (GM Animals)').
  - GMMs are being inoculated into a non-GM animal, provide details of the decontamination of the animal remains. If the animal remains are being sent off site for purposes of decontamination, provide details of the healthcare waste contractor employed.

Please submit form to: [GMO@epa.ie](mailto:GMO@epa.ie)
