Please complete typed or in BLOCK CAPITALS.

Name of Customer:	
Contact No:	
Email Address: <i>(For results report)</i>	
Customer Address:	
Purchase Order No:	

Sample analysis request:

If you have more than 5 samples, please use an additional form.

Sample	Sample Type <i>(E.g. Buttermilk powder)</i>	Customer Reference <i>(1 unique code for each sample sent)</i>	Date sampled:
1			
2			
3			
4			
5			
Please ensure samples are packaged appropriately to ensure that they do not become compromised/leak during transfer/storage prior to sample receipt and testing.			

Note:

- Where possible, 500g of sample is required for analysis. For meat and fish samples, a minimum of 300g of edible sample is required.
- Unless otherwise specified, all samples received will be analysed by gamma spectroscopy for caesium-137 and caesium-134.
- A test report detailing the activities of these radionuclides will be issued.
